Certified Refurbished
Hard Drive

What does „Certified Refurbished“ mean?

Each „Certified Refurbished“ hard drive features a **fully refurbished** and thoroughly tested internal drive that meets the **highest technical standards**. Certification follows **IHQ – Intenso High Quality**, our commitment to thoroughly tested technology with long service life.

Production and quality control are carried out directly at our site in Vechta, Germany. Each drive undergoes **rigorous testing** before being fitted into a **new, durable enclosure** and carefully packaged.

Acting responsibly has never been easier.

By reusing high-quality components, we conserve resources and reduce electronic waste – without compromising quality or performance.

*The designation USB 3.2 Gen 1x1 corresponds to the former designation USB 3.1 Gen 1 / USB 3.0.
