

## ENERGY ECO AAA - HR03 - 1000 mAh

Rechargeable NiMH battery

### Technical details

|                     |                             |
|---------------------|-----------------------------|
| Battery type:       | Nickel metal hydride (NiMH) |
| Battery size:       | IEC: HR03, ANSI: AAA        |
| Chemical system:    | Nickel metal hydride        |
| Normal voltage:     | 1.2 V                       |
| Nominal capacity:   | 1000 mAh                    |
| Reference standard: | (EU) 2023/1542, IEC 61951-2 |
| Life cycles:        | Up to 1000                  |
| Weight:             | 12.9 g                      |
| Diameter:           | 10.5 mm                     |
| Height:             | 44.5 mm                     |

### Battery marking

|                 |                                                               |
|-----------------|---------------------------------------------------------------|
| Type:           | AAA, Micro, HR03, 1000 mAh,                                   |
| NiMH            |                                                               |
| Brand:          | Intenso Energy Eco                                            |
| Normal voltage: | 1.2 V                                                         |
| Polarity:       | + or -                                                        |
| Warning:        | Observe the correct polarity.<br>Do not misuse. Rechargeable. |

### Product data

| Volume       | Article number | EAN           | Packaging unit |
|--------------|----------------|---------------|----------------|
| 4pcs blister | 7505214        | 4034303029105 | 5 pcs          |

### 4pcs blister:
